

Bodi-Form GEL

The Comfort of Memory Foam + The Support of Gel

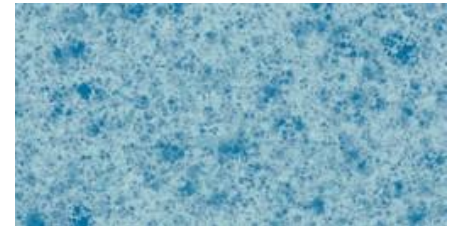

Thousands Of Gel Cells
are Inter-dispersed Into
Memory Foam

Memory Foam just got

Cooler!

- Superior pressure point relief
- Ergonomic spinal alignment
- Minimal contact, for maximum comfort and individualized cradling
- More support at higher compression levels precisely where it's needed
- Increased air circulation – for a more comfortable nights sleep
- Gel particles attract and distribute heat for a cooler night's sleep
- Less time falling asleep with increased quality of sleep
- More energy for the next morning
- A longer more restful sleep
